FOR IMMEDIATE RELEASE

Free Workshop: Consumer Credit Education

There is no question about it, having a good credit score is essential. A credit score is a strong factor in deciding whether or not lenders will approve any type of credit or loan and it also impacts the interest rate and term you receive; which is why learning and managing the components that go into a credit score will make it easier for you to make the proper decisions to ensure that your credit history and score is in order. Kern Schools Federal Credit Union's (KSFCU) workshop, *Consumer Credit Education*, will help you understand fundamental consumer credit information as guest speaker Susan Hackett of *Experian* (a consumer and business credit reporting company) will cover: who and what are credit report agencies, the roles of credit reporting agencies, what is in a credit report, myths about credit reporting, and much more.

Manage your credit health by attending KSFCU's complimentary workshop, *Consumer Credit Education*, on Tuesday, May 18th from 6:00 p.m. – 7:30 p.m. at the KSFCU Administration building at 9500 Ming Ave, ½ block West of the Marketplace shopping center. Consumers can sign up by calling 833-7045 or by going online at www.ksfcu.org. All workshops are open to the public.
